Dear Friends,

2013 has been APJ’s most ambitious and successful year to date. It has all been made possible because of the many extraordinary people on the ground in Haiti building and managing the programs we support, as well as the people abroad raising vital funding and awareness to fuel and sustain it all.

This year, we built yet another huge two-story 23,000 square foot wing at the Academy for Peace and Justice, able to accommodate an additional 800 students to campus. We also completed a major merger with Ciné Institute in Jacmel where we added the new Audio Institute division through our partnership with We Are The World Foundation. This partnership and merger has created Artists Institute, our college for art and technology. All told for 2013, at the start of the new school year in October we welcomed 2,200 students to our high school and 100 to our college. All are on free scholarships.

Highlights abroad included revenue growth in Los Angeles at our Oscars event with Hollywood Domino, launch of a fabulous new arts fundraising initiative in New York called Fierce Creativity, growth in Toronto for APJ Canada’s annual TIFF lunch steered by Natasha Koifman, and finally a very special gathering in New York with many key supporters and partners at a year end dinner. The day after the holiday dinner we signed a five year $5 million agreement with Bovet 1822, which helps us to cover all our annual fundraising and administrative costs to ensure 100% of public donations go directly and entirely to our programs.

As ever, APJ is making real progress and we are showing the results. Thank you for your solidarity and support.

Haiti is the poorest country in the Western Hemisphere, where a severe lack of affordable education and healthcare perpetuates the cycle of extreme poverty.

- The average Haitian child spends less than 4 years in school.
- Only 20% of Haitian children can afford to enroll in high school.
- Not even 1% of high school graduates attend college.
- 75% have no access to water.
- 80% of Haitian teachers have no credentials or training.
We are committed to long-term, sustainable development in direct partnership with the Haitian people. Our model is simple: we believe in empowering local communities, fostering economic growth, and the power of education to change a nation.
We are making a substantial, long-term commitment toward growing the next generation of Haiti’s leaders by providing high-quality secondary and higher education.

APJ eliminates the economic barrier to education. All of our students receive a full scholarship.
Set on a magnificent campus, the Academy is one of the largest free secondary schools in Haiti, serving the poorest and most deserving youth in Port-au-Prince.

The Academy features:
• Accreditation by the Haitian Ministry of Education
• Year-round access to preventative healthcare
• Professional development opportunities for faculty
• Sports programs
• Summer programs

And modern facilities with:
• Electricity and potable water
• Washrooms in each building
• 3 campus computer labs with internet access

LESS THAN 20% OF HAITIAN SCHOOLS HAVE ELECTRICITY AND ONLY 39% HAVE POTABLE WATER
Growing by approximately 400 students every year, the Academy opened its doors to 2,200 students in grades 7-11 in 2013 and will serve 2,800 underprivileged students at capacity in 2016. The Academy follows the official Haitian curriculum, with additional courses in English, computer training, and extra-curricular sports.

Every student at the Academy receives a full scholarship including tuition, uniforms, and year-round access to St. Luke’s medical services.
Artists Institute is a free college for art and technology in Jacmel. The Institute creates modern opportunities for Haiti's underprivileged youth to foster entrepreneurship and business development in local creative industries.

The Institute is made up of two divisions: Ciné Institute, Haiti's only film school, and Audio Institute: We Are the World School of Music and Audio Engineering. Both divisions offer two-year programs focused on training, professional development and employment services.
Audio Institute brings together leaders in audio engineering, music production, and education to train and support young artists, producers, and technicians. Through theory and practice, graduates emerge as highly skilled professionals prepared for modern opportunities in creative industries.

The centerpiece of Audio Institute is a magnificent, professional recording studio, where students receive hands-on experience and renowned artists visit for sessions and collaborations.

Founding seed capital was provided by Quincy Jones’ and Lionel Richie’s We are the World Foundation.
CINÉ INSTITUTE

Ciné Institute brings together leaders in cinema and education to train and support Haiti’s budding filmmakers. Equally focused on storytelling and technical training, Ciné Institute prepares students for all types of film industry careers.

The Institute creates hundreds of local jobs annually for graduates and community members servicing renowned local and international clients.

“I’M USING THE SKILLS I LEARNED AT CINÉ INSTITUTE EVERY DAY IN MY JOB AS SENIOR COMMUNICATIONS OFFICER FOR J/P HRO, A LEADING INTERNATIONAL NGO IN HAITI. I’M NOW EARNING ENOUGH TO SUPPORT MYSELF AND FIVE MEMBERS OF MY FAMILY.”

- KEZIAH JEAN, CLASS OF 2011
“I’VE ACQUIRED KNOWLEDGE, SKILLS AND EXPERIENCE HERE AT ARTISTS INSTITUTE THAT I AM CERTAIN I WOULDN’T ACQUIRE ANYWHERE ELSE IN HAITI. I STILL CAN’T GET OVER THE FACT THAT IT WAS FREE OF CHARGE AND FOR THAT I AM FOREVER GRATEFUL.”

- MIGUEL ALVAREZ, CLASS OF 2013
“After the earthquake, many of our parents and brothers died. We didn’t know what to do. So, I want to say thank you for all you do for us... for all you do for Haiti.”

- Michelet, Academy Student
As part of our mission to support healthcare for the poorest communities in Haiti, and our commitment to building lasting institutions, APJ supports the St. Luke Family Hospital, providing quality medical care and dignified humanitarian outreach to the poorest, most underserved and vulnerable populations in Port-au-Prince. Services provided by the St. Luke Family Hospital include a modern surgery facility and emergency room, CT scans, digital x-ray, a high level ICU and rehabilitation unit, professional medical teams, and mobile disaster units.

St. Luke provides long-term employment for 900 Haitians, and serves 120,000 patients every year.

Artists for Peace and Justice partners with two independently run programs in Haiti that collectively provide music education to over 1,300 underprivileged young people each year.

Academie Musicale Occide Jeanty provides music education to 120 students per year in Cité Soleil, the poorest slum in the Western Hemisphere.

École de Musique Dessaix Baptiste in Jacmel provides music education to 1,200 students per year and boasts five genres of orchestra.

These programs offer a positive after-school activity all too rare in students’ communities, as well as nurture their skills for success - creativity, collaboration, self-discipline, and motivation.
THANKS TO YOU, 2013 WAS OUR BEST YEAR YET.

AT THE ACADEMY WE:
• Provided 2,200 full scholarships
• Created 150 permanent jobs and over 1,000 construction jobs
• Installed 2 new campus computer labs
• Enabled students to achieve a 97% success rate on national exams

AT ARTISTS INSTITUTE WE:
• Provided 100 full scholarships
• Created 60 permanent jobs and over 500 construction jobs
